### **ADMISSIONS POLICY FOR DECONCENTRATION**

**INTRODUCTION:** In an ongoing effort for the Housing Authority to meet or exceed the laws and regulations regarding its public housing programs, the following Deconcentration Policy has been developed in order to comply with the Quality Housing and Work Responsibility Act of 1998, Section 513.

**INCOME MIX TARGETING:** To meet the requirements of the Act and subsequent HUD regulations, at least 40 percent of families admitted in any fiscal year to public housing by the Housing Authority must have incomes that do not exceed 30% of the area median.

**PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES:** The Housing Authority will not, in meeting its deconcentration goals, violate the admissions requirement set forth by the QHWRRA of 1998 (see preceding paragraph). The Housing Authority will review the income and occupancy characteristics of the housing projects and the buildings of each project annually to ensure that a low-income concentration does not occur or, that steps are taken to reduce any concentration of poverty already in existence.

**DECONCENTRATION:** The Housing Authority will make every effort to deconcentrate families of certain income characteristics within the Authority developments. To achieve this, the Housing Authority will, if needed, offer incentives for eligible families having higher incomes to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes in projects predominantly occupied by eligible families having higher incomes. Incentives offered by the Housing Authority will allow for the eligible family to have the sole discretion in determining whether to accept the incentive and the Housing Authority will not take any adverse action toward any eligible family for choosing not to accept these incentives. The skipping of a family on the waiting list to reach another family to implement this Deconcentration Policy shall not be considered an adverse action. As such, the Housing Authority will continue to accept applications and place the individuals on a waiting list.

Selection will be made based on a combination of application date and time, and an income target mix. A family may be “skipped over” to offer a vacancy to the first qualifying family with a targeted income. This Authority will define a “higher income family” as one earning more than the calculated average for that development, and a “lower-income family” as one earning less than the calculated average.

The Housing Authority will track the income mix within each project as an effort to avoid a concentration of higher or lower income families in any one building or development. From the tables below, there is a concentration of Very-Low income families in the CPHA development.

The HUD FY 99 Income Limits and Fair Market Rent Data show the thirty, fifty and eighty percents of the Median Income per number in a household are as follows:

# Person	30% of Extremely Low (\$)	50% Very Low (\$)	80% Low (\$)
1	12,600	20,950	33,450
2	14,400	23,950	38,250
3	16,150	26,950	43,000
4	17,950	29,950	47,800
5	19,400	32,350	51,600
6	20,850	34,750	55,450
7	22,300	37,150	59,250
8	23,700	39,550	63,100

On 1/9/2000, the Authority had 260 of its 267 public housing units filled as follows:

% of median	# families	%
0-30	69	26.5
31-50	120	46.2
51-80	71	27.3

Project (Units)	<30% of Median		<50% of Median		<80% of Median		Total Units and Vacancies	
	#	%	#	%	#	%	# Units	#Vacant
GA232-003	69	26.5	189	<b>72.7</b>	260	100	267	7
Waiting List	10	31.3	20	<b>62.5</b>	32	100	NA	NA

On 1/9 /2000, the Authority had 32 families on its waiting list. Of the total, 10 (31%) had incomes under 30% of the median, 10 (or 31%) had incomes above 30% but below 50% of the median, and 12 (38%) had incomes above 50% but less than 80% of the median income. At **\$59,900**, the Area Median Income is very high when compared to the average income in the one development.

	College View Hills GA232-003 (Families-267 Units)
<b>Average Income</b>	<b>\$8,334</b>

Analysis of College View Hills shows that over **72%** of its families earn less than 50% of the Area Median Income (AMI); **62.5%** for the waiting list. Obviously there is a concentration of poverty in this development. It will be necessary for the PHA to employ “skipping” to meet deconcentration and income mixing requirements. Therefore, an applicant with an income of less than \$8,334 will be skipped over for an applicant with an income higher than \$8,334 until such time as deconcentration is accomplished, or it becomes necessary to **maintain** the overriding goal of admissions set by the QHWRA of 1998. That is, at least forty (40) percent of all new leases will be to families that earn an amount equal to or less than thirty (30) percent of median income, according to family size (see table above). It will not be necessary to employ other incentives at this time, however the CPHA will periodically review these procedures and calculations to determine if any changes are required.

With over 91% of our Section 8 tenant families earning less than 30% of the AMI, we have exceeded the admission requirements established by the 1998 Act and will continue to do so. Because of this, some fungibility or exception to the public housing targeting requirement exist, but will not be implemented by this Authority at this time.

## Section 2: PHDEP Plan Goals and Budget

### A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

To reduce the demand for drugs and prevent addiction, we propose to continue offering drug prevention and education programs, as well as treatment referral services to our residents. The proposed programs in our budget address the needs of our youth and parents, providing them with alternative means for a successful drug-free environment. The Program Director, along with the Program Coordinator, will be responsible for carrying out the programs and will work directly with the residents and the Resident Organizations. In addition to providing preventive and educational programs, the DEP staff will work with other various agencies providing a bridge to the services available in the community for substance abusers and their families. The College Park Police Department will continue to use the Authority owned sub-station and provide a 24 hour police presence and community policing as an in-kind service. CPHA will conduct a semi-annual and annual evaluation of the program. Evaluation consists of baseline data collection, resident survey and collection of monthly progress reports.
